

Unit 9 My favorite subject is science.

Step1 Lead-in

Good morning boys and girls! How are you today? You good? I am fine, too!

Let's look at today's classes/timetable, you have P.E. today! Do you like today's classes? Yes, you do? Why? You like P.E. class because you can play football. Good job!

Step2 Presentation and Practice

Look, let's guess! What class is this? Can you tell me?

Wonderful, it is history.

You see that history is an interesting subject because it has a "his" and a "(s)tory".

Let's read it together, history, history.

Now, all the girls, history, all the boy history. (朗读)

All of these are called subjects that you are going to learn in middle school.

Subjects means different classes. I like English. My favorite subject is English.

What's the meaning of favorite subject? Good, the subject I like most!

What about you? What's your favorite subject? Good, your favorite subject is science.

How do you spell science?

Now, ask your partner about his or her favorite subject. And Let him or her spell that subject, too.

Step3 Consolidation

Now, let's open the book, look at 1a, what do you see in this picture? What subjects are they talking about? Try to match the subjects with pictures.

Let's listen to the tape, you need to circle the subjects that you hear in the listening.

Check out the answer with your partner.

Finish? Now, let's make a new dialogue with your partner according to the one in 1c. Try to talk about your favorite subjects. You can use more sentences and words, such as what subjects do you like?

Step4 Summary

Time flies quickly. It is almost the end of our class. What have we learned today? What is

subject? What subjects did we learn? What's your favorite subject? Well done.

You see that there are many subjects in middle school, and you are all going to learn them in middle school. Some of them are interesting, some of them may be difficult. All of us may have personal preferences on subjects. But they are all necessary to learn because learning them makes us get well-rounded development.

Step5 Homework

Talk about the subject you like best. Think what useful knowledge and benefits you learn from this subject. Next time share with others.
