五、书面表达

I'm Li Hua from Class One,Senior Two. I'm writing to apply for the opportunity to help students in the countryside school with their English. I will put what I have learned into practice and improve their English during the summer vacation.Meanwhile,I can learn how to get along with students,which is beneficial to me.

I'm kind,easy-going and always ready to help others.What's more,I wash clothes and make beds by myself. Besides,English is my favorite subject and I have won many prizes in English contests.Therefore,I think I will be qualified for this position.

As to how to teach English well, I plan to communicate with them to know what they need. Moreover,I will try my best to arouse their interest in English by telling stories,singing songs,playing games and so on.

I would appreciate it if you could give me the chance.

Yours Sincerely,

Li Hua
