Online shopping is very popular now. People can buy almost anything online. They can buy books, food or clothing. They can also buy toys, tickets, and even electronic products.

People can shop online at home at any time of the day. The goods online are usually cheaper than in the shopping mall. You may even get a discount or free delivery for what you buy.

Tips:

discount: 折扣，例如20% discount就是我们通常说的八折；
delivery: 递送，free delivery的意思是“免运费”。
